### BESPOKE SERVICES

#### Sheet Music Transposition

If you have sheet music which needs to be transposed, we can move it to any key you require while preserving the original dynamics, chord symbols, foreign language lyrics, page turns, etc. Please contact us with your requirements to receive a quote

#### Audio Transcription

If there is a particular song or instrumental piece that you cannot find sheet music for, or you have recorded a composition and need printed music, we can create full (as per the original recording) or tailored (arranged for the players you have available) scores complete with individual parts. Please contact us with your requirements to receive a quote

#### Instrumental & Vocal Arrangements

Custom musical arrangements can be created from scratch in many styles (pop, musical theatre, band, strings, choir, piano, orchestra etc.) and scores/parts supplied as print quality PDFs. Please contact us with your requirements to receive a quote

#### Composition

We can create bespoke musical scores which are tailored to your specific production, whether that be for film, library music, dance or theatre. The resulting compositions can be arranged for full orchestra, small band, duos, trios or quartets etc. Please contact us with your requirements to receive a quote

#### Backing Track Creation/Modification

If you have a pre-recorded backing track but need it to be transposed, extended or shortened, or you cannot find a specific track and need one to be created from scratch, please contact us with your requirements to receive a quote.
